From now until the end of the school year, when you order pizza from any Spokane Pizza Rita you can help NWC earn money for **Generation Alive!**

On every Pizza Rita box there is a Box Flap (see picture below) that you can cut out and bring into the elementary school front office or the high school front office. For each Box Flap that we receive we will be able to collect \$0.50. Every dollar that we raise will go to **Generation Alive!**

Generation Alive is an organization founded in Spokane by NWC alumni Jeremy Afeldt and his wife Larisa. The organization's primary mission is to see the lives of young people changed by engaging them in acts of compassion that promote justice and alleviate the pain of poverty in their generation. For more information about Generation Alive, please visit generationalive.org.
