

Guided Hunt at Sylvan Lake

This guided duck and goose hunt will be on a private 1,200-acre lake. The land surrounding Sylvan Lake is privately owned, thus offering a unique private hunting experience. This private land hunt is for up to two people. Up to four people can be accommodated at other locations if desired.

Enjoy a beautiful sunset before relaxing in front of a fire at the cabin. Wake up, jump in a boat, and you are off on your hunt.

If the ducks aren't flying, plenty of other wildlife can be found in the area. Quail, partridges, pheasants, and dove can be found at Sylvan Lake, and well as an occasional Bald Eagle... for viewing only of course!

Hidden away near Odessa, WA, a guided hunt at Sylvan Lake is truly a once in a lifetime opportunity.

Hunters will need to acquire a hunting license with a migratory bird validation and federal duck stamp. Hunter's safety is required for a hunting license, although a one-time exception can be granted in Washington. Ammunition will be provided. Shotguns can be provided upon request, although hunters are welcome to bring and use their own.
